OUR SERVICE PORTFOLIO- MICROSOFT DYNAMICS PRACTICE:

GODREJ INFOECH- RETAIL INDUSTRY OFFERINGS

Godrej Infotech's integrated Business Solutions for Retail delivers the breadth and depth of functionality demanded by the busiest retailer without the need to build, manage and maintain multiple applications and inconsistent interfaces. Its unique use of a single application to cover store to headquarters; the Point of Sale (POS) terminals, store systems, inventory, merchandising and all the back office functions required at head office, sets Microsoft Dynamics Retail apart from all other solutions in the market.

Key Functionalities addressed:

- Gain Business Insight to use any data asset, transform it into actionable information, and deliver it in Microsoft standard tools like Office and Outlook.
- Improve Merchandising Decisions to support retail managers of their end-to-end operation from headquarters to store.
- Scale in size and business for all stores, including item, customer and vendor management as well as special orders and loyalty programs.
- Single retail solution architecture available at store level, head office or both.
- Inventory Control for timing your inventory flow so that you always have fresh merchandise and a healthy turnover rate.
- Point of Sale (POS) for a fast, dependable and powerful graphic user interface, working online or offline, with the online benefits in place at all times.
