Godrej Infotech

Cutting Edge Solutions for a Demanding World

Perpetuating the tradition of excellence set by its illustrious parent group, Godrej Infotech Ltd. has set new benchmarks in IT solutions. A SEI-CMM Level 4 & ISO 9001-2015 Company, we are in the business of developing software solutions, e-solutions, ERP implementation, customization & consulting.

Corporate Dependability : Backed by an impressive corporate lineage, we are a professionally managed enterprise that works in tune with international norms of value, price and service.

Business Unit Capability : A dedicated special business unit (SBUs) can be created to handle a given project or assignment, thus making us not solution providers but partners in a client's business.

Long Term Relationship Approach : Our services dwell much beyond an assignment as a long term approach helps us establish a long term relationship with our clients.

Intellectual Property Protection : At all stages, we follow and maintain strict IP regulations with a view to ensure protection of proprietary software and solutions.

Internal Processes : A well-structured organization with well streamlined internal processes makes Godrej Infotech a highly reliable service provider to clients looking for overall dependability.

Value Proposition : We live, breathe and build value. This is why every solution offered to our clients is backed by a strong value proposition.

How Do you work with us?

Engagement Models

Time & Material Model

Define the business model & work hand in hand with our client. The client pays a fixed hourly rate.

Dedicated Development Center Model

Extension of the customer's software engineering facility. The customer pays fixed monthly rate for the team.

Fixed Price Model

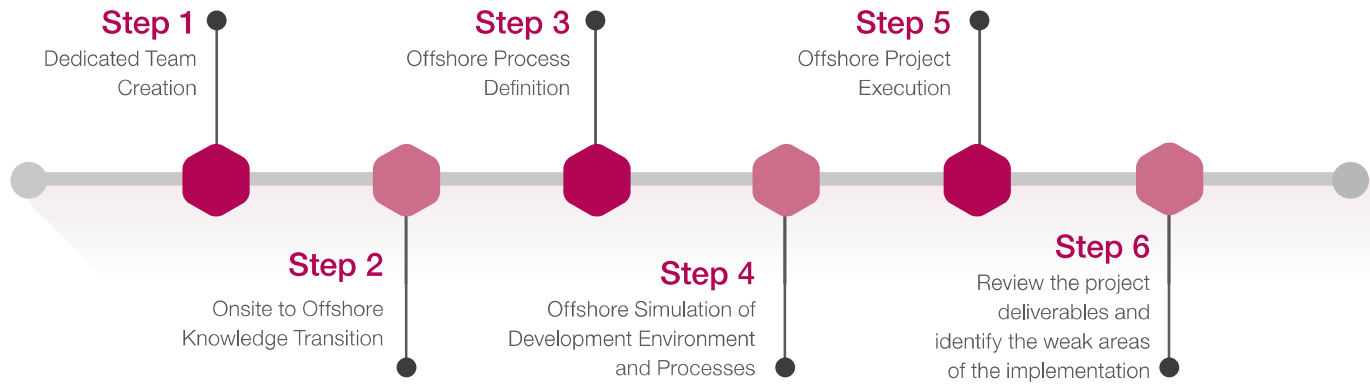

The customer pays a Pre-negotiated Fixed price for the complete project, which in turn is linked to well-defined deliverables.

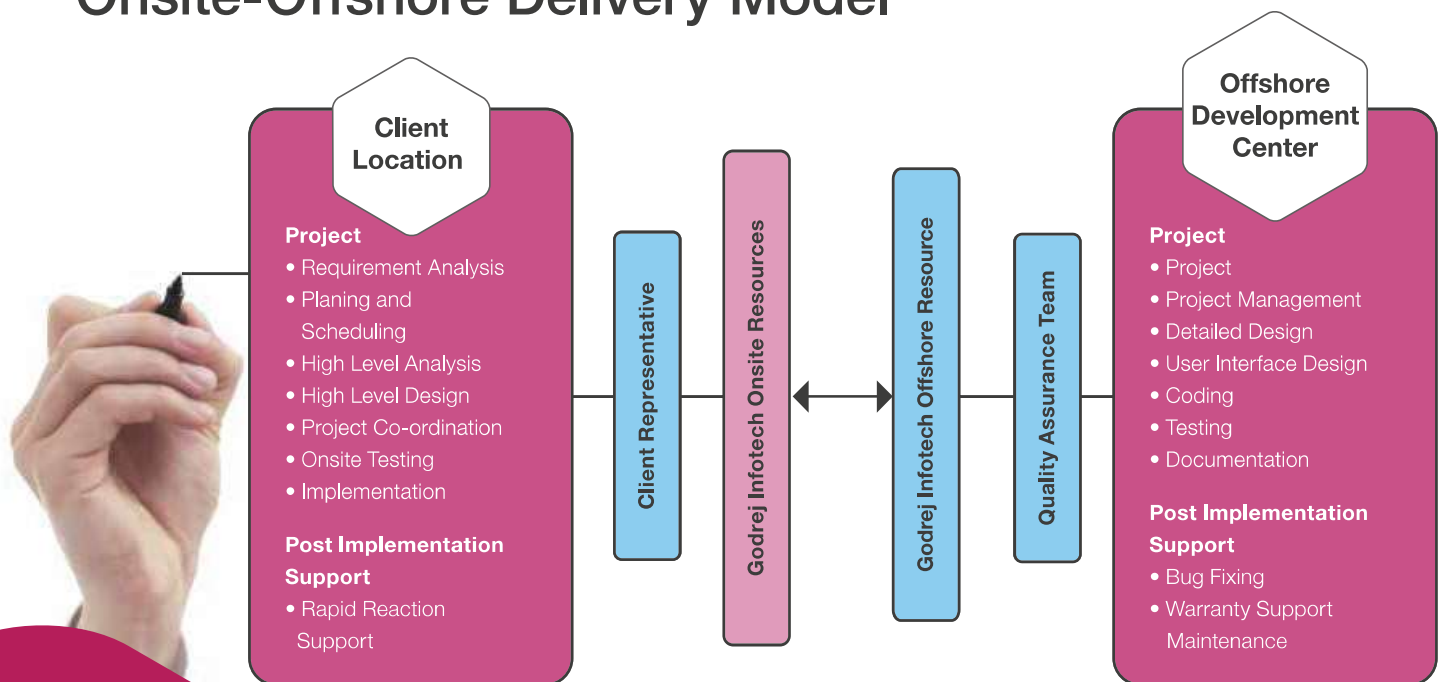

Hybrid Model

A major portion of project is on a Fixed Price basis and at the same time resources are deployed on Time and Material basis. Adopting such a model enables the client to maximize their ROI without compromising any aspect of the project itself.

ODC Operation

Onsite-Offshore Delivery Model
